TECHNICAL SKILLS AND INTERESTS

Core Skills: Power BI, SQL, Service Now, Qlik sense, Qlik Nprinting, Qlik Mashup, Problem Solving, SQL, Excel ETL, QVD.

Data Warehousing & Analysis: Data Modeling, Data Warehousing, M Language, Paginated Report, Power BI Datasets, Azure Data Factory, Azure Synapse, Microsoft Fabric

Soft Skills: Collaboration & Teamwork, Adaptability

Areas of Interest: Documentation, Business Analyst

PROFESSIONAL SYNOPSIS

- - Improved Power BI **Report Performance by 50%** and helped report load with concurrent users in less than 15 sec
 - Increased **Report Efficiency by 30%** by using Power BI Dashboards
 - Delivered **100% assigned task** within the agreed budget
 - Worked on **Subscription** to see whether whole data was loaded in Power BI Reports
 - Involved in **Direct Requirement Gathering, report and dashboard creation, deployment process** end to end following deployment pipeline
 - A curious Power BI Developer with 3 years of Experience in database development, confidant in querying in SQL and DAX languages
 - Worked on UI Validation, Data Validation & Performance testing of all Power BI reports.
 - Created Dataflow, lakehouse, Disconnected Tables, Summarized tables, Calculations Groups
 - **Convert business requirements into Technical specifications** and decide timeline to accomplish.
 - Create relationships between data and develop tabular and other data models.
 - Chart creation and data documentation explaining parameters, models and relations.

PROJECTS

•CSL Behring LLC

Jan 2024- Present

Associate Consultant

- Developed executive-level **dashboards and report in Power BI, Excel** enabling real-time visibility into revenue cycle performance and clinical operations.
- Build advance analytics tools including **Month-End Revenue & Cash Flow Reports | Accounts Receivable Dashboards | Rebate and YoY Analysis | No-Show Forecasting Algorithms | ML-Driven Doctor Scheduling Tool**
- Design **Financial reports** leveraging predictive modeling technique to forecast trends and inform strategic planning
- Collaborated with engineering and product teams to translate analytical insights into **measurable product improvements.**
- Automated business workflows using **Power Apps and Automate** reducing administrative overhead and improving decisions

•CSL Pharmaceutical Based Client Project (APAC, EAME, NAFTA, LATAM Regions): *May 2022- Dec 2023*

Sr. Analyst

- Developed and distributed Qlik Sense reports, resolving user issues efficiently.
- Worked As a Qlik Developer on the Dashboard Enhancement and Maintenance team.
- Extracted data from SAP, Redshift, Excel, and QVD for detailed analysis.
- Monitored and resolved Qlik task failures Enhanced dashboard According to user preferences
- Collaborated with cross functional teams to gather business requirement and analyzed data for data integration and transformation processes
- Conducted rigorous testing and troubleshooting in Qlik sense dashboards identifying and resolving data quality issues to improve user experience.
- Maintained Ad groups and sectional access for user access
- Leveraged NPrinting for report generation, optimizing application data presentation

EDUCATION

•Dr. Babasaheb Ambedkar Technological University, Lonare

2021

Electrical Engineering

CGPA/Percentage: 8.2/10.0

CURRENT LEARNING

•Advance data engineering concepts, Data Security, Machine Learning
